PREVIEWSworld.com

At first glance, *PREVIEWS* can be overwhelming because it's packed with tons of cool stuff. But there's a rhyme and reason to this mag-a-log and here's how to use it!

You now hold in your hands the latest issue of *PREVIEWS*, the monthly mag-alog dedicated to comics, graphic novels, toys and other pop-culture merchandise. If it's in your comic shop, it's in the page of *PREVIEWS*!

PREMIER COMICS BOOKS & MAGAZINES TRADING CARDS APPAREL MERCHANDISE GAMES VIDEOS

What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings by easy-to-understand sections: Comics & Graphic Novels; Books; Trading Cards; Toys, Statues & Models, and more.

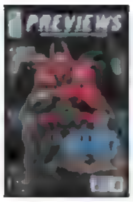
Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of ***PREVIEWS***, most items will be in comic shops sometime in June.

How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is is easy! There are **3** simple ways to order:

1 Use the Short Order Form.

Fill in with the items you'd like to order from this issue.



2 Ask for the companion Customer Order Form.

We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic ship by the due date on the cover!

3 Ask your retailer about their "Pull & Hold" service.

Many retailers offer a "pull & hold" or subscription service where you can order your monthly comics and merchandise easily. They'll hold your orders for you and you can pick up your items when it's convenient for you! Be sure to ask your retailer to give you a copy or ***PREVIEWS***, Marvel ***PREVIEWS***, and the ***PREVIEWS*** Customer Order Form each month so you can place your orders easily!

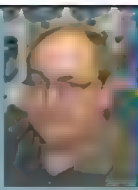
MANGA (& MORE!) MONTH 2013!



EDITOR'S note

Each March, we here at ***PREVIEWS*** like to celebrate a little something called *Manga Month*, our annual showcase for the popular comics artform from Japan. An important part of the North American comic scene today, a little over 30 years ago, manga was a niche hobby, shared between a network of fans producing their own translated versions of the manga series that had yet to find purchase here in the U.S.

While that same fandom continues today, translating the latest and greatest series just hitting the stands in Japan, more recent series are now being officially licensed and released with "official" and approved translations by such publishers as Dark Horse, Viz, Kodansha, Yen Press, Digital Manga and others.

Another interesting development has been the surge of new graphic novels from Europe and other Asian countries. Series like *Tintin, The Smurfs, Metabarons, XIII, Lucky Luke, Thorgal*, and many more, are now making their way to the U.S. market and meeting with enthusiastic readers.

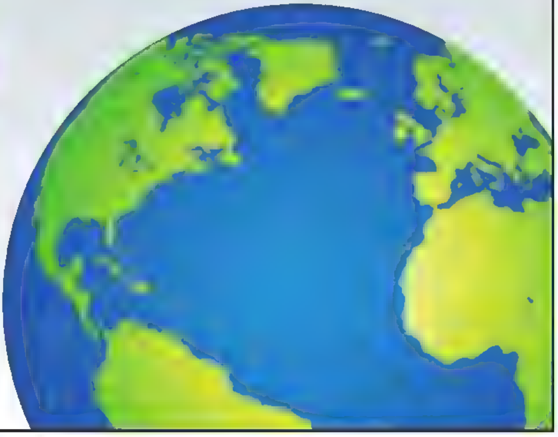
This is why, for the first time, we expanded our "Manga Month" coverage to "Manga & More", to showcase not only Japanese comics, but comics from other countries as well.

This year, as with previous years, we have another great selection of comics to offer you throughout the issue, including offerings from Dark Horse, Digital Manga, Cinebook, Conundrum Press, First Second Books, Fantagraphics, Humanoids, Kodansha, Lerner Publishing, NBM, Picturebox, Seven Seas, SuBLime, UDON, Viz Media, and Yen Press, representing a host of new and ongoing titles from Japan, China, Korea, France, Belgium, and more.

And if you flip this issue over and turn to the "FlipSide," you'll find our exclusive Manga & More Month interviews with Dark Horse Comics' President Mike Richardson, and Usagi Yojimbo creator, Stan Sakai.

If you've never read manga or foreign comics before, why not give them a try? You might just discover something new that you've never seen before! And discovering something cool is always a good thing!

Just look for this icon throughout this issue for a wide variety of manga… and more!



Your Pal @ ***PREVIEWS***,

Marty

INDIE EDGE Kieron Gillen

Favorite Projects: *Phonogram* is still one of the most magical experiences of my life. The first was our rough and raw first album. The second – *The Singles Club* – is something that I'm still a little astounded I managed get away with. I could have died after releasing the first *Phonogram* and still have considered my life to be a success. Everything else is just gravy.

Currently Working On: Bar my work over at Marvel *(Iron Man, Young Avengers)*, I'm mainly deep into the projects I've got coming out this year. I'm up to issue 9 on *Uber*, and doing my polishes on *Phonogram: The Immaterial Girl* and *Three* for Image. The latter is Ryan Kelly and me doing a story about what happens when 300 Spartans are sent to hunt down three Helots (Slaves). The former is Jamie McKelvie and me returning to the dancefloor for a third set. Avatar Press will release my cops-on-Mercury sci-fi action story *The Heat* at some point. Otherwise, I'm at the point where I'm choosing which big, personal project I want to take on next. Everything is potential. It's all painfully exciting.

Currently Reading: This has been a great year. Ongoing stuff? Some of what everyone loves: *Saga*, *Fatale*, *Manhattan Projects*, *Morning Glories*, etc. *Revival* is great. And that goes for *Storm Dogs*, too, which is really not getting as much attention as it deserves. It's fantastic to see *Fashion Beast* finally come sauntering into the light. *Crossed: Wish You Were Here* is just incredibly good, finding a real heart among the total utter brutality of the Crossed. I had to buy the trade, even though I follow it weekly online. I've had the pleasure to see the script of *Sex Criminals* by Fraction/Zdarsky, which is many excites. Everyone's read *The Tao Of Brown* by now, yeah? Astounding work by Dillon. I could go on. Comics are amazing.

I'm Kieron Gillen. When I'm not obsessing over random B-sides of girl indie groups of the 90s, I write comics. Which means that after the obsessing is done, I have 23 minutes a day to write a bunch of stuff. I was doing self-publishing, editorial and webcomics in the early 00s before getting my big break at Image with *Phonogram: Rue Britannia*. From then, I've alternated between Indie and WFH stuff. I've been doing my own stuff alongside my Marvel books, but it basically seems to have taken until now to get any of it out. I AM BASICALLY EXTREMELY PREGNANT WITH COMICS. INDUCE ME! INDUCE MY COMIC BABIES.

Breathing now.

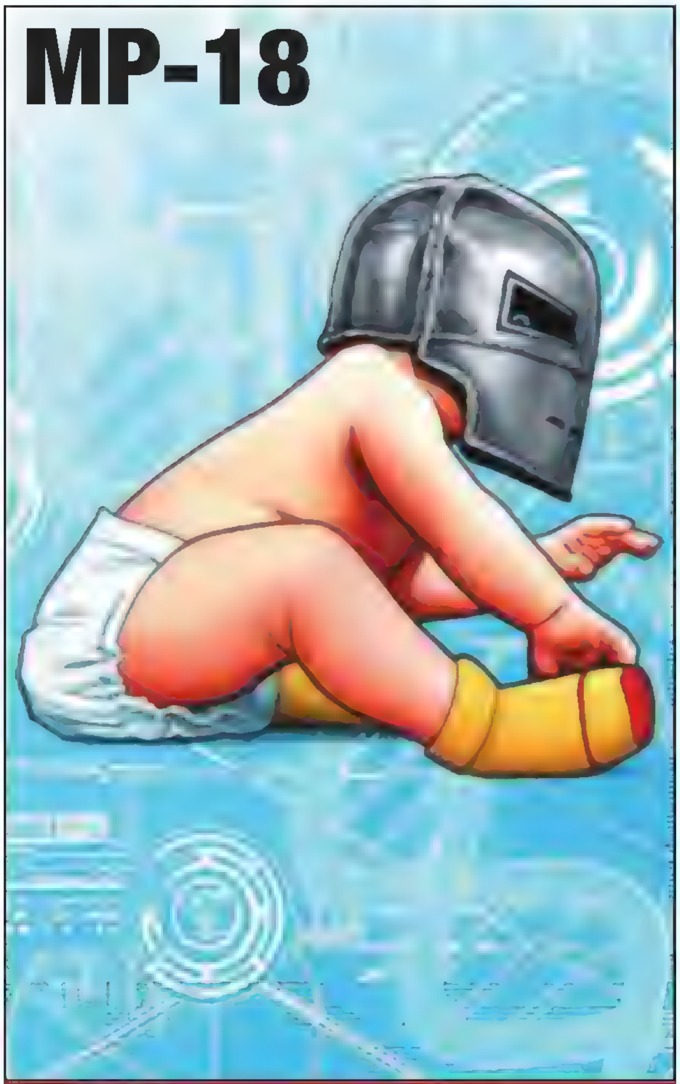
DISCOVER THE SECRET HISTORY OF IRON MAN



■ MARVEL PREVIEWS, $3.99, 32 Pages

Inventor. Hero. Scientist. Avenger. Industrialist. Philanthropist. Genius. These words all describe Tony Stark — as the CEO of Stark Industries he is one of the Marvel Universe's leading capitalists, as Iron Man he is one of Earth's greatest superheroes. Stark may make his success in the boardroom and his triumph over villainy look easy, but he has faced adversity in his personal life and business and heroic careers. This May, the secrets of Stark's life and the forces that have shaped him will be revealed in Kieron Gillen and Dale Eaglesham's "The Secret Origin of Tony Stark" beginning in Iron Man #9!

After the events of recent months, Tony Stark has reached a turning point in his life. In the battle against the Phoenix Force, he saw his world transformed and he was instrumental in the struggle to defeat it and save his world. When offered a position with the Guardians of the Galaxy, he embarked on a new mission into space to discover the cosmos for himself. Now, en route to home with intergalactic bounty hunter Death's Head at his side, their quest for a genocidal tyrant will lead them to a derelict starship filled with dead Badoon. Deep in the ship's hold will be a secret that will rock Tony Stark's world and force him to reassess everything he thought he knew about himself. From his birth to Area 51 to the present day, the secrets that have shaped Tony Stark into the hero and the man that he is will be laid bare — and Stark and Iron Man will never be the same!

Kieron Gillen's acclaimed run on Iron Man continues as he is joined by The Incredible Hulk's Dale Eaglesham for "The Secret Origin of Tony Stark." Arriving in comic shops in time for Iron Man 3, "The Secret Origin of Tony Stark" is the perfect jumping-on point for the film's fans and new readers who have yet to discover Gillen's Iron Man for Marvel NOW! Gillen's gift for characterization and Eaglesham's deft artistry combine for a story that will forever alter the way readers view Tony Stark. Drawing on events in Avengers Vs. X-Men, the Avengers books, and Guardians of the Galaxy, "The Secret History of Tony Stark" is a monumental story that will have repercussions in the Marvel Universe for years to come.

Gillen and Eaglesham's "The Secret Origin of Tony Stark" kicks off with May's Iron Man #9 and continues in Iron Man #10. This story will forever alter Iron Man — and Tony Stark, and no fan of the Armored Avenger and the Marvel Universe can afford to miss it!

THE SECRETS OF TONY STARK'S LIFE WILL BE REVEALED THIS SUMMER IN KIERON GILLEN AND DALE EAGLESHAM'S UPCOMING IRON MAN STORY ARC!

TORPEDO, VOL. 3

Abuli and Bernet's masterpiece, *Torpedo*, is the story of Luca Torelli's rise from the gutters to become the top killer-for-hire in 1930s New York City. Abuli's stories are full of cruel and morbidly dark humor, and Bernet's art style is perfect for showcasing New York as both stylish and grim. THE THIRD DEGREE
J. MICHAEL STRACZYNSKI

What are you working on right now?
Everything just shy of world peace. On the comics side, I just finished writing issue two of Ten Grand, I'm deep into the first issue of *Sidekick*, all of *Protectors Inc.* is written so we're working on character designs, and we're in discussions with a major artist for Alone. On the film side, I'm writing *Shadowman* for Valiant Comics, and closing the details of a deal that will allow me to direct my first major feature film this fall in Berlin. TV-wise, we just closed a deal for thirteen episodes of a new series created and exec produced by me and the Wachowskis, so I just got back from Chicago where we worked out most of the first season's stories. It's crazy.

What's the best part of your job?
Just knowing every day when I get up that I get to do what I love for a living. If there's anything better than that, I don't know what it is. Well, cake.

What's the worst part of your job?
Meetings. I'm not a people person. But in order to work in this town, you have to show up for meetings all happy-snappy and sparkly. I'm not sparkly. I have a black aura. Little children run from me. I like it when they run. Makes the human sacrifices more of a challenge.

How did you first discover comics?
Growing up, we moved every six months or so, from one city, town or state to another, 21 times in my first seventeen years. While driving back from California to New Jersey – I was probably eight or nine at the time – in the dead of summer without air conditioning, we stopped at this little gas station in the Nevada desert. He saw we were practically dying and out of pity gave me some old comics he had in the back. Not my style in retrospect – *Beetle Bailey*, some Disney comics, that sort of thing, all the soft, kid-comics – but I was fascinated. I'd never seen anything like them before, and read them over and over as we continued eastward until I'd memorized every line. Fell in love and never looked back.

If you weren't working in comics, what would you be doing?
I'm very fortunate in that I have the opportunity to work in a wide range of venues, so they're always available if that should happen...but in general, if I couldn't write anymore for any medium, I'd like to be an editor (movie/TV, not print). I really enjoy the whole process of editing. If that were not available, I'd look for a career in organized crime.

What's the best thing a fan has ever said to you?
"You changed my life." One hopes for the better, but one never really knows, does one?

Who is the biggest influence on your work?
Rod Serling. Always has been, always will be. The man could do things with the English language that nobody else could even begin to approximate.

What is the single work of which you're most proud?
In TV, *Babylon 5*. Film, *Changeling*. Comics, *Midnight Nation*.

Own up to one of your guilty pleasures.
I'm the only straight guy I know who watches Project Runway every time a new season comes out.

What was the last comic book you bought?
I went back to the store the other day to pick up a missing issue of Len Wein's *Before Watchmen: Ozymandias* (we get comps of our own books but not each other's). Great writing, stunning art, what more can you ask for?

If you could be someone else for a day, who would it be?
George Clooney. Just to know what it feels like to look that cool. If George weren't available, or if I had to make a less shallow choice, I'd like to swap with Stephen Hawking, just so he can get a day off.

Pick three things you couldn't live without.
Creative freedom. Sleep. Chocolate.

What's the strangest thing you have in your house?
I found this little company that makes incredibly detailed figurines based on the medieval painting The Garden of Earthly Delights, by Hieronymous Bosch. If you know the painting, it's one of the most surreal, disturbing pieces of art ever created. So I have eighteen of these distorted, ominous, seemingly drug-induced figurines on the wall of the powder room when you come into the house, so it's one of the first things you see. Welcome to Joe-ville.

What makes you laugh?
Absurdity. Cats. Unexpected things. Jim Jeffries. Lewis Black.

What is one of your favorite places?
I love London. I've been there almost a dozen times over the years, and would love to one day rent a flat somewhere thereabouts, maybe near Covent Garden. Rich history, rich tradition, rich Indian food...

What music are you listening to these days?
I'm kind of a mutt when it comes to music. I'm all over the place, and I like to have music going while I work. So my itunes library is constantly playing everything from Gillian Welch to Aimee Mann, Benny Goodman, Marilyn Manson, Bix Beiderbecke, KODO, a panoply of Sixties music, swing, jazz, DJ Shadow, Disturbed, and Kongos (my new fave rave, if you haven't heard of them, check out their videos on YouTube, they're freaking amazing).

What is your favorite film of all time?
On the Beach, the original black-and-white film based on the novel about the last days of the human race. I have no idea why.

Who is your best friend?
Everyone within my inner circle of friends, which is a very, very small circle indeed. I've trained them over the years to be brutally honest. Somebody who reads the work and says, consistently, "This is great" is fundamentally missing the point of a critique. I rely on my friends to tell me when I suck, because if they don't, a whole lot of other people will.

What is the best advice you've ever received?
"Writing is just speaking in our own natural voice on the page, saying precisely what you intend to say."

When was the last time you were truly frightened?
About an hour ago, when this interrogatory showed up in my email box. If you don't count that, then I'd say the night I got mugged and nearly beaten to death by a street gang in Chula Vista, California. I was 20. After you confront the very real and imminent possibility of your own death, not much can ever really frighten you again. Well, spiders.

Who is someone you really admire?
Rachel Maddow. What an amazingly brilliant mind. Consistently able to pierce through the fog of words, distortions and positions and come out with something that actually resembles the truth. Strong, good-hearted, smart.

What would you like to see happen in comics in the next 12 months?
My surviving it.

G-MAN, VOL. 3: COMING HOME TP

Long ago, the valiant Templar destroyed themselves through a vicious civil war, allowing the bloodthirsty crusade of the tyrant king Icarus to destroy mouse culture. Yet the inspiring tale of the young mouse Karic promises to restore the fractured Templar and overthrow the mad king. But while some accept Karic as a prophecy for good, still others see his rising legend as an omen of evil.

Joe Fitzgerald was a mob enforcer until the day he met Laura, who convinced him to leave that world behind. Before quitting, Joe agreed to one last job, little realizing that the man he'd been sent to kill was deeply involved in demonlogy. He survived Joe's attempt and came after him, fatally wounding Joe and killing Laura. As he lay dying, an angelic force (who may or may not be what she appears) pointed out that where she is going, he can't follow, and where he is going, he wouldn't want her to follow. But if he will agree to work for them as a different kind of enforcer, they will bring him to life and keep on bringing him to life every time he is killed in a righteous cause. The reward: for those five minutes of death, he will be with Laura again. Would you endure an eternity of pain and death, dying over and over, to be with the woman you love for just five minutes each time you died? Most people might say no. But Joe Fitzgerald isn't most people.

A bold new era begins with the long-anticipated return of Joe's Comics, the imprint that brought you **MIDNIGHT NATION** and **RISING STARS**. All-new stories from **J. Wendell lives a lonely, suburban existence, losing himself in books in order to avoid his motorcycle-driving stepfather, Ted. When the school bullies convince Wendell to venture into the long-abandoned Renaissance Fair grounds they all believe to be haunted, Wendell is surprised to find a man living in the barn. Believing himself to be a medieval knight named Sir Habaersham tasked with the duty of slaying the dragon he insists is wandering the woods, Wendell's new acquaintance seems the definition of crackpot. But when Wendell starts hearing rumblings—and listening to Habaersham's stories—he starts to wonder if perhaps it could all be true! In a heartfelt coming-of-age story, Wendell must defy logic in order to follow his heart…and face the dragon of the forest! Featuring a Foreword by **Sean Murphy** (*Punk Rock Jesus*).

CHRIS NORTHROP

Writer: The Reason for Dragons

What is *The Reason for Dragons* about?

Chris Northrop: Wendell is a loner and a bookworm. One day after a fight with Ted, his motorcycle mechanic stepfather, Wendell runs away to the edge of the woods. It's here that the local bullies stumble upon him. They dare Wendell to explore the woods and find the abandoned renaissance fair that burned down years ago. Wendell, having a lot to prove to himself, takes the dare. What he finds is surprising. At the fairgrounds he discovers a man dressed in full home-made armor. He proclaims he is Sir Habersham McGee, claiming to be a knight. What's more, he claims to be tasked to slay a dragon he claims is responsible for burning done the fair years ago. Wendell doubts him at first. But the more time he spends with his new strange friend, the more he suspects there is something to this knight's tale!

Is there a deeper meaning to the story?

CN: ***Dragons*** is about how we see the world, and how that affects our relationships. What makes someone crazy? Is it because they are a dreamer? And what if those dreams were real? What a fantastic thing that would be!

Everything authors write has pieces of them in their scripts. How can it not? But the first one should be extra personal. ***The Reason for Dragons*** addresses what it's like to grow up without direction, which honestly, everyone deals with. You meet people in your life that shape you. You can meet a stranger who can have a tremendous effect on your life or on your choices, how you handle problems. That fascinates me. Everyone has their own dragons to face.

Who do you think *The Reason for Dragons* will appeal to?

CN: This book will definitely appeal to anyone who's a fan of adventure films from the 1980s like *E.T.*, *The Goonies*, and *The NeverEnding Story*. Mystery and adventure play a major role in ***Dragons*** until the very last page.

Who is your favorite dragon in fiction and why?

CN: I always thought Falcor in *The NeverEnding Story* was interesting. He seems so upbeat, but there was an underlying tiredness about him. Like he's seen the world. Every corner of it. But he still manages to see it fresh and new, even in the face of a huge threat. I found that so interesting as a kid. I still do! ■

DAVID PETERSEN

Creator, Mouse Guard

For those not familiar with it, what is *Mouse Guard: Legends of the Guard*, and what prompted a second volume?

David Petersen: ***Legends of the Guard*** is an anthology book set in the Mouse Guard world. Mice in a tavern gather to tell the bar maid tall tales as part of a contest to wipe clean their past debts at the establishment. I write and draw all the tavern scenes, but as soon as a mouse starts their story, the word and art duties are taken up by one of 13 guest contributors from comics, illustration, and concept design backgrounds. Those creators' unique takes on my world become the visual voice of each mouse that enters the contest. We are back for a second volume because the first was too much fun! Fans enjoyed it and I had a rather long list of creators I still wanted to work with.

Who are some of the creators you have lined up for *Legends* Vol. 2?

DP: I hand pick every contributor for a ***Legends*** project and this time around I've tapped Ben Caldwell, Stan Sakai, Cory Godbey, Rick Geary, Charles Paul Wilson III, and Bill Willingham, just to name a few.

What kind of guidelines did you give creators once they agreed to write and/or draw story?

DP: Mainly the goal is for them to go off in their own direction and tell a story that I would never have thought of, or in a totally different way than I would (otherwise why ask these talented folks to just do what I do?). But I have to give them some boundaries about keeping it true to the spirit of ***Mouse Guard***: all ages, no gratuitous violence, no adult language, keep the flora and fauna accurate to Michigan (where I not-so-secretly set and draw inspiration for Mouse Guard). ■

Brenda Starr: the Complete Pre-Code Comics Volume One: Good Girls, Bondage, and Other Fine Things; 7.75 x 10.25; first eight issues of the Four Starr and Superior Comics *Brenda Starr* pre-code comics with art by Jack Kamen, Matt Baker and Dale Messick; historical essay by RON GOULART with documentary material; deluxe hardcover with endpapers; mature readers; $60.

Before Fredric Wertham and *The Seduction of the Innocent (SOTI)*, before the Kefauver Hearings, and before the infamous Comics Code, the comic book racks at local drug stores and newsstands boasted a plethora of delights highlighted by the good girl adventures of the comic book version of *Brenda Starr*. These four-color wonders displayed all the finer things loved by comic books buyers: good girls, bondage, a little torture, and other exciting things, which adults thought would corrupt the morals of young and impressionable readers (*Brenda Starr* cover art was even used as an example in *SOTI*). Now for the first time in over fifty years comics fans can read and own these rare comics from another era digitally restored to perfection and presented in an archival hardcover.

The covers to these books were by such noteworthy artists as EC Comics stalwart Jack Kamen and the legendary Matt Baker. In addition to presenting all of the *Brenda Starr* stories this reprint also boasts all of the scintillating back up features found in these books as well. **WARNING** these stories are not for the faint of heart!

About: Available in print for the first time! The second chapter of the brutal, apocalyptic horror series is finally here! Written by Si Spurrier (*X-Men Legacy, Silver Surfer, Extermination*), this critically acclaimed volume collects the latest arc of the weekly webcomic, ongoing at *Crossedcomic.com*. Unable to bear life on the doomed island-sanctuary he calls home, manipulative writer Shaky has tricked his way into an expedition crew, hunting supplies among the vile, violent hordes of Crossed on mainland Scotland. But will he find what he seeks amidst the blood-stained snow - a way to stave-off numbness, a reason to go on - or will the tough decisions of leadership and the terrors of a Crossed world rob him of what little humanity he has left? And if he survives, what will he and his companions find when they struggle home to the killing-shores of Cava Island? These are the continuing excerpts from Shaky's bleak diary, the story of a community clinging to a false future in a world overrun by infectious, sadistic fiends. There is no hope. There's only the Crossed.

ZEBRAFISH TP

(W) Peter H. Reynolds
(A/CA) Zebrafish
Zebrafish is not exactly your typical garage band — especially because only one member can play an instrument! But that doesn't mean that Vita, Tanya, Walt, Plinko, and Jay aren't dreaming big — or at least stumbling towards a modest success. With a little creativity and out-the-box thinking (and some high-level computer tinkering) this garage band is going virtual — and they're learning that schoolyard fame is a great way to bring in awareness (and donations) for an important cause. Focus On BLACK MASK

STEVEnilesBLACKMASKstudiosSTEVEnilesMATTpizzoloBRETTgurewitzBLACKMASKstudiosSTEVEniles

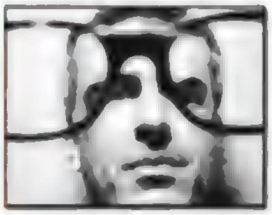
BLACK MASK STUDIOS is the new comics publisher from **Steve Niles** *(Final Night: 30 Days of Night/Criminal Macabre, Chin Music)*, **Matt Pizzolo** *(Occupy Comics, Godkiller, Halo-8)*, & **Brett Gurewitz** *(Bad Religion, Epitaph Records)* with the stated goal of "supporting bold creators and propelling their visions."

They debut the company this month with the first issue of ***Occupy Comics***, a project organized by Pizzolo that gained massmarket coverage everywhere from entertainment press to political press and features an all-star cast including *V For Vendetta's* own **Alan Moore** and **David Lloyd**, and ***Twelve Reasons To Die***, a transmedia collaboration with **Wu-Tang Clan's Ghostface Killah** and **RZA** that shares a conceptual storyline with the simultaneously released album (the comic & album will also be marketed together).

Next month brings ***Ballistic***, the psychedelic, ultraviolent, hard sci-fi book from **Darick Robertson** *(Happy, The Boys, Transmetropolitan)* and **Adam Egypt Mortimer** (director *Grant Morrison's Sinatoro)*, as well as ***Liberator***, **Matt Miner's** gritty superhero story about a pair of direct-action animal avengers.

"Art has the power to move people and transgressive art can challenge and even change social norms. It's what punk and comics have in common and one of the reasons I'm super excited about Black Mask Studios."

--Brett Gurewitz, Black Mask Studios



"Groundbreaking art thrives when the relationship between artist and label is built on integrity, respect, & a team effort. Comics has a troubled history with its treatment of creators, our goal is to bring the supportive ethics of record labels like Epitaph, Dischord, & Revelation to comics."

--Matt Pizzolo, Black Mask Studios

TWELVE REASONS

"Black Mask cares about the medium. They want to put fresh ideas into the hands of both old and new readers. They want to push boundaries, challenge audiences, and make comics that matter. In short, they want to save comics and I want to be there with them when they do."

--Matthew Rosenberg
writer, *12 Reasons To Die*

"Black Mask is all about reinventing and rethinking how comics are marketed and made public, and I have always been interested in pushing the boundaries and finding new audiences for comics."

STEVEniles

Steve Niles, what's the big idea behind this new company?

The key thing we're really about is trying to expand the comics market, and we're gonna do it by putting our faith into bold creators and supporting them without restrictions of genre or any editorial micromanaging.

How do you intend to expand the comics market?

Brett and Matt and I all came up in the DIY punk scene, and we're bringing that kind of attitude to this... the constructive part about supporting voices who are talking about real things but in a bold and exciting way. We're not afraid to bring in activism and politics and counterculture. What publisher today could be bringing out the next V For Vendetta? Nobody. We did Occupy Comics and it found a different audience. Matt Miner's finding an audience for his animal vengeance comic. These are new audiences not already reading comics. It's good for creators, it's good for comic shops, and ultimately it'll lead to better stories for fans.

What's different about Black Mask?

There's a gap right now, creators are either working under very strict regimes on legacy characters or they're essentially self-publishing at places where creator-owned means the creators are on their own. At Black Mask we want to be there to lend support when a creator needs it, and other than that we want to cheer them on and champion their work.

SUICIDE RISK #1

INTERVIEW WITH MIKE CAREY

When comic book fans make lists of intelligently crafted, emotionally charged, and nuanced stories— Mike Carey is always near the top of the list. Carey's prolific work spans comics, novels, film scripts, and TV shows. Carey made a spalsh with DC/Vertigo's LUCIFER — the longest running and most successful Sandman-related spinoff to date. While continuing to work on Vertigo series, he took over as lead writer for Marvel's X-MEN (now X-MEN: LEGACY). His work includes DC/Vertigo's HELLBLAZER, Marvel's ULTIMATE FANTASTIC FOUR, the FELIX CASTOR novels, THE STEEL SERAGLIO, and DC/Vertigo's THE UNWRITTEN. Now, BOOM! Studios is thrilled to welcome Mike Carey into the fold as he unveils his first original ongoing series for an independent comic publisher.

You've created and written comics for a wide variety of publishers during your career - DC Comics (particularly Vertigo), Marvel Comics, Virgin Comics, 2000 AD - but this is your first original/ongoing series with an independent publisher. Why did you pick BOOM! as your home for SUICIDE RISK?

That's a long story, actually. It goes back to New York Comic-Con, 2010. I'd been talking to Ross and Matt at BOOM! about doing a book, but hadn't gotten any further, really, than saying "wouldn't it be nice..." But at that show, Ross heaped me up with riches in the form of a whole lot of books, giving a cross-section of what BOOM! was producing then. I remember it included *Johanna Stokes'* STATION, the first IRREDEEMABLE trade, DEATH VALLEY, THE UNKNOWN, one of the MUPPET SHOW books, and more. It was an eloquent argument. There was so much variety and so much imagination in these books. I came home really wanting to put a pitch together. Various other things intervened, but we kept on talking, and eventually the stars aligned.

What initially inspired SUICIDE RISK as a project for you? How is it different from your other projects?

I love writing superheroes, and I hadn't done it at all since leaving X-MEN. And in a way, this builds on all the things I was doing when I was on the X-MEN books, but using the additional freedoms that you get from not being in a shared continuity.

The most important thing about it is that it's a book with a strong emotional core. Leo is a man who forms strong attachments, and everything he does in the book, all the decisions he makes, are because of things he owes or thinks he owes to other people. It's his great strength, and yet it brings him to disaster. But I think if we're talking about what makes it different from my other work, it's the structure more than anything. SUICIDE RISK tells a story that at first might look quite familiar. But there are progressive reveals – a lot of them – that change everything. We're going to end up a long way from where we seem to be going, and those surprises – I think – are all going to be good ones.

Is there a particular element you wanted to explore in SUICIDE RISK that you feel sets it apart from other superhero titles in the market?

Yeah, there is – and the best way I can explain it without giving too much away is by an analogy. When I began to write the CASTOR books, I roped in almost the entire supernatural bestiary. I had ghosts, zombies, were-beasts, everything except vampires and creatures from the black lagoon. But there was one mechanism at work all the way through – one factor that explained all these different types of being, and the relationships between them, with a big pay-off in the fifth book when you realise how that factor applies to demons, too. It's the same in SUICIDE RISK. This is a world with a big superhero/super-villain community. Big, and recent. There are hundreds of powers. But there's one over-riding factor that's the key to everything that's happening. Oh, and the supervillains outnumber the heroes by dozens to one. There's a reason for that, too, and it's central to what we're doing.

So I guess the answer to the question is that I wanted to do a book about the emergence of superpowers, and I wanted to do something original and unexpected with that situation.

Your artist on this series, Elena Casagrande, is a relative newcomer. Why is she a good fit for SUICIDE RISK?

New she may be, but Elena is already making plenty of waves. And she can go dark when needed, which is something I like. The world of SUICIDE RISK definitely has its dark side, and some harrowing things are going to happen in it. I know that Elena is going to be able to express that and give it its proper weight.

What are you most excited for retailers and fans to discover about SUICIDE RISK?

More than anything else? The cast of characters – Leo, his family, his colleagues, and his terrifying array of enemies. And a couple of real lowlives named Jed and Hailey, who have a lot to answer for...

Super-powered people are inexplicably rising from the streets and there's a big problem: Too many supervillains, not enough superheroes. Heroes are dying, and cops are dying twofold. Humanity is under-powered and good people are suffering untold tragedies trying to stem the flow. Beat cop Leo Winters is one of those struggling to make a difference. And the answer just might come in the form of two lowlifes with a dark secret.

A new ongoing series by award-winning author Mike Carey (X-MEN, THE UNWRITTEN) and fan-favorite artist Elena Casagrande (HULK, HACK/SLASH). SUICIDE RISK is a high octane, mind-bending series created by one of the industry's greatest storytellers.

MARBLE SEASON HC

(W/A/CA) Gilbert Hernandez

Marble Season is the all-new semiautobiographical novel by the contemporary master cartoonist Gilbert Hernandez, the co-creator of the groundbreaking *Love and Rockets* comic book series. His first book with Drawn & Quarterly, and one of the most highly anticipated books of 2013, *Marble Season* features Huey, his family, and their neighbors, who tell the untold stories from the youth of the American comics legend and his cartooning brothers and fellow icons Jaime and Mario, and their large family that grew up in 60s suburban California. *Marble Season* subtly and deftly details how the innocent, joyfully creative play children engage in such as shooting marbles, backyard plays, and treasure hunts change as the children encounter name-calling naysayers, abusive bullies, and the value judgments of other kids. An all-ages story, *Marble Season* explores the redemptive and timeless power of reading and role play in childhood. (STK529033) (C: 0-0-1)

MY DIRTY DUMB EYES GN

Certified Cool™

(W/A/CA) Lisa Hanawalt

My Dirty Dumb Eyes is the highly anticipated debut collection from award-winning cartoonist Lisa Hanawalt. Her unique comics intermingle drawings, paintings, single-panel gag jokes, funny lists, and anthropomorphized animals in the service of satirical, startlingly observant commentary on pop culture, contemporary society, and human idiosyncrasies. Whether she's revealing the secret lives of celebrity chefs or explaining that what dogs really want are tennis ball brides, *My Dirty Dumb Eyes* will have readers rolling in the aisles, as Hanawalt's insights into human (and animal) behavior startle and delight time and again. PAYING FOR IT GN

(W/A/CA) Chester Brown

Paying For It was easily the most talked-about and controversial graphic novel of 2011, a critical success so innovative and complex that it received two rave reviews in the *New York Times*, and sold out of its first print run in just six months. Chester Brown calmly lays out the facts of how he became not only a willing participant in, but a vocal proponent of one of the world's most hot-button topics — prostitution. Complete with a surprise ending, *Paying for It* continues to provide endless debate and conversation about sex work. (STK529039) (C: 0-0-1)

THE PLAYBOY GN (NEW EDITION)

(W/A/CA) Chester Brown

The Playboy is a memoir about Brown's adolescence, sexuality, and shame that chronicles his teenage obsession with the magazine of the same name. Exploring the physical form of comics to its fullest storytelling capacity, a fifteen year-old Chester is visited by a time-traveling adult Chester, and the latter narrates the former's compulsion to purchase each issue of *Playboy* as it appears on newsstands. Even more fascinating than his obsession with the magazine is Brown's need to keep this habit secret, and the great lengths to which he goes to avoid detection by, at first, his family, and then, later, by girlfriends. (W) Jose-Luis Bocquet, Jean-Luc Fromental (A/CA) Stanislas

The Adventures of Hergé is a biographical comic about the world-renowned comics artist Georges Prosper Remi, better known by his pen name, Hergé. Meticulously researched, this biography is appropriately drawn in Hergé's iconic clear line style as an homage to the *Tintin* adventures that have commanded the attention of readers across the world and of many generations. Seven-year-old Hergé first discovered his love of drawing in 1914 when his mother gave him some crayons to stay out of trouble. ED THE HAPPY CLOWN

ED THE HAPPY CLOWN HC
(W/A/CA) Chester Brown
In the late 1980s, the idiosyncratic Chester Brown (author of the much-lauded *Paying for It* and *Louis Riel*) began writing the cult classic comic book series *Yummy Fur*. Within its pages, he serialized the groundbreaking *Ed the Happy Clown*, revealing a macabre universe of parallel dimensions. *Ed the Happy Clown* is a hallucinatory tale that functions simultaneously as a dark roller-coaster ride of criminal activity and a scathing condemnation of religious and political charlatanism. I NEVER LIKED YOU SC
(W/A/CA) Chester Brown
A self-absorbed teenager, Chester Brown strays into the difficult territory of friendship and early love while at home there is a slowly building crisis over his mother's mental health. Emotionally intense, the story veers unsteadily between the extremes of eerie detachment and sudden desperate outbursts of need. A complex and disturbing true story told with a nuanced, queasy visual style that lingers in the mind long after the book has been put away. (STK339333)

(W/A/CA) Chester Brown
From his early experimental comedic surrealism to his later autobiographical and essay strips, we see the progress from a major talent in development to a fully realized storytelling virtuoso. Included are his early autobiographical stories such as "Helder," a story about a young man's tentativeness when pursuing a woman. The acclaimed compendium, culled mostly from his groundbreaking comic book series *Yummy Fur*, provides a fascinating insight into Brown's psyche. (STK089660)

Chester Brown reinvents the comic book medium to create the critically acclaimed historical biography *Louis Riel*, winning the Harvey Awards for best writing and best graphic novel for his compelling biography the charismatic 19th-century Metis leader. FROM HELL
COMPANION
Alan Moore
Eddie Campbell

"Some very fine writing is buried in these scripts, and nobody has ever read it but me."

For the ten years between 1988 and 1998, artist Eddie Campbell lived with Alan Moore's scripts for the masterpiece *From Hell*. Now those scripts are available to readers for the first time, as Top Shelf collects the materials behind this masterful work in a hefty, 288-page softcover.

Filled with Campbell's detailed reminisces and notations, *The From Hell Companion* offers a window onto the fascinating collaborative process by which prose script becomes graphic storytelling. Campbell explores Moore's rich imagery as it was adapted to the black and white page. He also provides a wealth of history with reference photos, variant interior sketches, after-the-fact redraws, and more than a few interesting anecdotes and snapshots from years of work on the book. *The From Hell Companion* takes reader behind the scenes of one of the most-read graphic novels of all time.

TRUE BLOOD HC VOL 04: SHAKE FOR ME
IDW Publishing

More about *True Blood*… By the time you're reading this it's springtime, which means *Game of Thrones* is about to be in full-swing on HBO and while I do adore that show, I enjoy it more knowing as each episode ends that we're one week closer to another season of *True Blood!*

This hardcover volume brings forth one of my favorite characters, and one I feel doesn't get the level of attention he should; Alcide. I'm Team Eric one hundred and ten percent, but I'm going to enjoy reading this volume of the series because of the key role my favorite nocturnal creature plays to the plot line. Bon Temps is in trouble again…this time it's an ancient wolf pack is conducting a mass slaughtering of the town's residents, and Alcide has to join forces with everyone's favorite Viking, Eric Northman, to save the town.

Can they do it? Can they save the town of Bon Temps?

SUICIDE RISK #1

BOOM! Studios

It is no secret that the boys in blue face some pretty harrowing situations in their line of work. Just turn on the news and you'll inevitably be bombarded with news of violent crimes in the form of muggings, domestic assaults, murders, and more that the police have to meet face to face every day. What would happen if the criminals they faced had super powers too?

I never really considered the impact of throwing supervillians into the mix but then I never had to. There was always someone there to save the day. In *Suicide Risk* #1, by Mike Carey (*Unwritten, Lucifer*) we are asked what would happen if there wasn't a hero? Just the thought of some petty burglar with the ability to melt my face with his laser eyes would make me reconsider my career path. How would the police cope?

Pick up *Suicide Risk* #1 and delve into the melee pitting the police against an army of drug fueled supervillians. Can the police hold the line or will this new super powered crime wave send civilization hurtling toward anarchy?

TARZAN, THE COMPLETE RUSS MANNING NEWSPAPER STRIPS VOLUME ONE: 1967-1969

IDW Publishing

Some creators are lucky enough to be associated with one character for their careers such as Arthur Conan Doyle and Sherlock Holmes and Siegel & Schuster for Superman. We can add Edgar Rice Burroughs to the list with this being the centennial anniversary of Tarzan. If thinking of Tarzan you might think of the artists associated with him, like J. Allen St. John, Frank Frazetta, Hal Foster, Burne Hogarth, and Joe Kubert but for me it's Russ Manning on the newspaper strip and the Gold Key comic series. Each of these artists brought their own unique interpretation of the character but it was Russ Manning's I remember.

In the pre-Direct Market days buying comics was like going on a scavenger hunt so you took what you could get. Growing up watching Tarzan movies on television, getting the comics helped with my comic fix between issues of *Adventure Comics* with the Legion and *Amazing Spider-Man*.

While waiting for more Tarzan I found the newspaper strip Russ Manning did but because it wasn't in the local paper it took some doing to get family in other states to collect and send them to me. Now thanks to IDW I can read these stories again for the first time in almost 45 years.

The *Tarzan: The Complete Russ Manning Newspaper Strips Volume One: 1967-1969* collects the Russ Manning *Tarzan* in a format that does the daily and Sunday strips right. It's great to see Tarzan, Jane, La of Opar, and Pellucidar again. Russ didn't do this alone and you get to see how well his assistants Bill Stout, Mike Royer (who did a good job in following Manning on the comic book) and a pre-*Rocketeer* Dave Stevens helped in bringing this icon to life.

This is a great companion to Dark Horse's *Tarzan: The Russ Manning Years* and belongs on your shelf right next to the Goodwin & Williamson *X-9: Secret Agent Corrigan*, Alex Raymond's *Rip Kirby* and Caniff's *Terry and the Pirates*. This is so much easier than hunting down old issues of the Menomonee Falls Gazette and a heck of a lot easier to shelve.

DAN SPIEGLE: LIFE IN COMIC ART SC

TwoMorrows Publishing

DAN SPIEGLE

I can't remember what the first Dan Spiegle book that I bought. If I liked a movie or TV show then I had to have the comic, and if it wasn't drawn by Alex Toth it was probably drawn by Dan Spiegle. His storytelling was clean, neat and concise.

Years later I became much more interested in who was behind the books I bought. TwoMorrows Publishing's *Dan Spiegle: Life in Comic Art* lets us read about Dan's work from the days of the *Hopalong Cassidy* newspaper strip as well as his decade long run at Dell and Gold Key. The book also covers some of my favorite work of Dan's -- *Blackhawks*, *Nemesis*, and *The Unknown Soldier*. Then in the eighties there was *Crossfire* from Eclipse, one of the best crime mystery series ever created.

If you enjoy comics that go beyond capes and spandex then this book will help you find treasures awaiting discovery in long boxes. Dan Spiegle deserves to be discovered by new readers just as much as the books he illustrated.

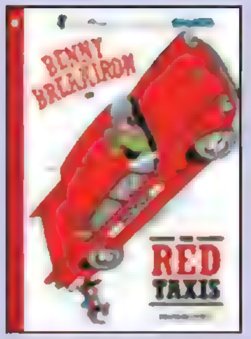
BENNY BREAKIRON HC RED TAXIS

NBM/Papercutz



Peyo brought us *Smurfs*. You should trust him on *Benny Breakiron*. An incredibly talented creator from Belgium, Peyo wrote and drew comics of all sorts for over a decade before exploring other storytelling media avenues with his beloved *Smurfs*. Benny Breakiron (originally *Benoît Brisefer*) came from the period before Peyo launched his larger career, and it has all the charm and sparkle of his blue la-la-lala-la-legacy.

Benny is sincere, genuine, and not about to let bad guys get away with their shenanigans! Thanks to his super-strength (which he keeps secret from adults—good move, Benny!), he's always able to keep one step ahead of folks who underestimate him. In this first volume, he tosses taxis, foils felons, and rescues himself from a deserted island in time to save the life-savings of his entire home town.

A must read for the young and the young-at-heart!

Over the past decade, Joe Sacco has increasingly turned to short-form comics journalism to report from the sidelines of wars around the world. Murder. Not intricately plotted "whodunit." Not fiery passionate fury. But dirty, sad, disturbing actions from real people.

That's what Truman Capote decided to use for *In Cold Blood*—his bold experiment in the realm of the non-fiction "novel." Following in that legacy is *Capote in Kansas*, a fictionalized tale of Capote's time in middle America researching his classic book. Capote's struggles with the town, the betrayal, and his own troubled past make this book a compelling portrait of one of the greatest literary talents of the 20th century.

THE LAST OF THE MOHICANS HC

(W/A/CA) Shigeru Sugiura

Sugiura Shigeru (1908-2000) is widely regarded as one of the masters of Japanese comics. His 1953 adaptation of James Fenimore Cooper's *The Last of the Mohicans* sold over 60,000 copies, and he chose to rework Mohicans in a new collage-like style in 1974. Considered a masterpiece of postwar manga, *The Last of the Mohicans* is as beautiful to look at as it is a delight to read. This PictureBox edition — the first book-length publication of Sugiera in English — is edited and translated by Ryan Holmberg, who also provides an introduction. (STK528622) (C: 0-0-1)

(W/A/CA) C.F.

In 2012, Providence-based artist and musician C.F. began to produce a series of more than a dozen mini-comics, which he distributed via Twitter. Each mini-comic offered a take on, and expansion upon, a classic comic strip genre-from crime and sci-fi to punk and sex-all of them infused throughout by C.F.'s absurdist humor and loose improvisatory drawing. Less than 50 copies of each mini-comic were printed; needless to say, they sold out instantly. Collected here for the first time, they constitute a kind of bravura display of C.F.'s dexterity with pen and ink. (STK528619) (C: 0-0-1)

Dick Briefer's Frankenstein for Prize Comics is widely regarded as being America's first ongoing horror series. Indeed, it was Briefer's work that probably caused the creature to be actually named as Frankenstein instead of the nameless monstrosity from Shelley's novel. Splitting the stories between two stools-humor and horror-Briefer's tales are absorbing and unsettling in equal parts. At the tender age of 22, he traveled throughout France for artistic research. Heavily influenced by the French comics he studied there, Matsumoto's art style subsequently changed dramatically to the unique, alternative look he is known for today.

Matsumoto has created the series *Zero, Hanao, Blue Spring, Ping Pong, No.5, TEKKONKINKREET* and *GoGo Monster*. *Sunny* is his latest work.

- *TEKKONKINKREET* won the 2008 Eisner Award for Best U.S. Edition of International Material—Japan

- The animated film *TEKKONKINKREET* and live-action films *Blue Spring* and *Ping Pong* were based on Matsumoto's works

STAR WARS JANGO FETT ATTACK OF THE CLONES ARTFX+ STATUE

The incredible Star Wars ARTFX+ lineup has already featured some of the most iconic heroes and villains from the Star Wars films, and now it returns to one of the prequels for an intergalactic superstar bounty hunter, **JANGO FETT** from Episode II: Attack of the Clones! The armored Mandalorian had a distinguished career and he even became the genetic blueprint for the clone troopers of the Grand Army of the Republic (not to mention his clone "son" Boba). A fierce and determined warrior, Jango Fett always wears his full suit of Mandalorian battle armor and wields his signature dual blaster pistols. The silver armor plating over a full-length blue bodysuit is clean and well-polished, a marked departure from the more rugged look of his son. Jango's armor even has all of the little details right out of the film from the belt of pouches to the wrist-mounted weapons, and of course one of the coolest helmet designs of all time! You can even display the bounty hunter from two different scenes in the film with interchangeable screen accurate backpacks from his battles on Kamino and Geonosis. Finally, interchangeable arms let you pose Fett in a classic "draw" stance or aiming his blaster pistol, while magnets in his feet give him extra stability on his included display base. ARTFX+ Statues are fun-to-assemble pre-painted snap-fit kits that can be easily put together in seconds without glue or modeling skill. Jango Fett stands over 7 inches tall (1/10th scale) and looks great displayed alongside other Star Wars statues like the Clone Troopers and of course Boba Fett!

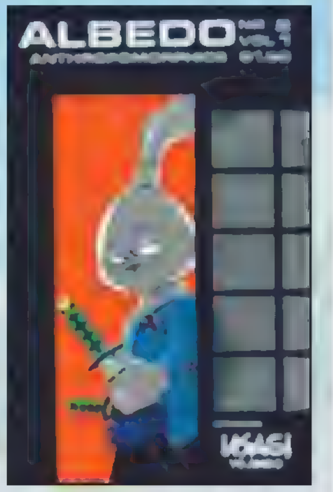
However, that injury would also enhance the boy's other senses, and with training and razor-sharp focus he would become an expert martial artist. Honing his craft by night while working as a lawyer by day, Murdock defends the innocent and puts away the bad guys as the scarlet-suited **DAREDEVIL!** Expertly sculpted by artist Erick Sosa, Daredevil stands nearly 10 ½ inches tall in magnificent 1/6 scale atop the gargoyle-accented Hell's Kitchen rooftop. Manga & More Month: Stan Sakai Interview

Stan Sakai has been writing and drawing the adventures of *Usagi Yojimbo*, his anthropomorphic take on the classic samurai movies and legends of old, for nearly 30 years. Gaining global popularity, it's an easy concept to share with readers around the world, who can all understand and appreciate the idea of a lone swordsman who fights for justice and protects the weak. We touched base with Stan to discuss his long-running series and his current work on the adaptation of *47 Ronin*…

Mar13 FLIP side.indd 1 2/6/2013 1:53:09 PM

FLIPside



***PREVIEWS**: You created **Usagi Yojimbo** in 1984. What are the origins of the "rabbit ronin" and the influences you tapped for his creation?*

Stan Sakai: I'm a third generation Japanese-American, and grew up in Hawaii. I always enjoyed comic books, movies, and drawing, and wanted to do a story inspired by a 17th century samurai, Miyamoto Musashi. I did a random drawing in my sketchbook one day of a rabbit with his ears tied into a "chonmage", a samurai topknot. Instead of Miyamoto Musashi, I named my new character Miyamoto Usagi ("usagi" means "rabbit" in Japanese). This was about 1982. Usagi made his first appearance in 1984 in *Albedo Comics* #2.

***P:** What constitutes your work process when beginning a new issue of **Usagi Yojimbo**?*

Stan: Once I get an idea, I have to write it down. I get ideas from all over — sketching, reading about Japanese history or culture, or watching films. I do an outline of the story, roughly breaking it down into scenes and pages. This helps determine the pacing of the story. The next step is to do thumbnail drawings of the pages. This is for composition of the pages and panels, and acts as my script. From there, I do the pencils, lettering, and inking, and send the finished pages to my editor, Diana Schutz. This entire process takes about five weeks. This is a comfortable pace for me, and gives me time to work on other projects such as lettering the *Spider-Man* Sunday strips or doing stories for other publishers.

***P:** You have paid homage to several famous samurai characters during the long run of **Usagi Yojimbo**... chief among them Zatoichi and Sanjuro. Are there any famous characters or personalities you would like to incorporate into future stories?*

Stan: There is a story arc I've been wanting to do for awhile. Wong Fei Hung is a doctor that lived in the early 20th century. He was also a kung fu master, so Usagi would have to face a different fighting style.

Another story arc deals with Hideyoshi, one of the great warlords of history, and the search for his hidden war chest.

***P:** You're currently adapting the classic Japanese samurai legend, **47 Ronin**, with Dark Horse president Mike Richardson. How has that experience been thus far?*

Stan: I've known the story since the third grade. It is one of the most well known incidents in Japanese history. I'm glad to be doing the art for it. I made a pilgrimage to Sengaku-ji, where the ronin are buried, last time I was in Tokyo. This is even before Mike approached me with this collaboration. The very first panel is based on a photo I took at the temple.

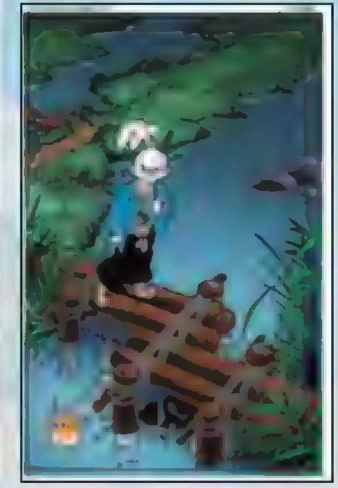
In doing the research, I was surprised at how much of the story is fact, how much is speculation, and how much is fabrication. There is still debate on whether their conspiracy was in keeping with bushido, the code of the samurai. They achieved their objective of slaying Kira, but, by waiting so long, did they compromise their honor? If Kira died a natural death before they carried out their plan, the ronin would be remembered with shame rather that being idealized as the epitome of samurai loyalty.

No. 1
USAGI
YOJIMBO

Mike is great to work with. He provides me with full scripts, but is very open to my own ideas. I send in penciled pages, on which he writes his final script for letterers Tom Orzechowski and Lois Buhalis. I took my inspiration for the art from Japanese woodblock prints, as did colorist Lovern Kindzierski, who is doing an excellent job. I couldn't be happier.

***P:** While adapting **47 Ronin**, you've been working closely with manga giant Kazuo Koike of **Lone Wolf and Cub** fame. What does he bring to the project?*

Stan: Mike has known him for years, and he acts as a go-between for Koike-sensei. I do know he likes the art.



*P: Where do your tastes fall in samurai film directors "Old School" like Akira Kurosawa (**Seven Samurai, Yojimbo**), or "New Wave" like Takashi Miike (**13 Assassins, Hara-Kiri: Death of a Samurai**)?*

Stan: I grew up with Kurosawa, Inagaki, and the old school directors, but appreciate the current wave. The older ones tend to keep the idealized flavor of the samurai, whereas the newer directors go for the visuals and the action, such as that ending to *13 Assassins* where the group traps the lord and his entourage in the village and it's an all-out spree from there.

*P: In a previous interview, you remarked that **Usagi Yojimbo** was very big in Poland. Has your series found popularity in any other countries, and has it found a larger audience in Japan?*

Stan: *Usagi* has been translated into twelve or thirteen languages, though not Japanese. Besides Poland, it does especially well in France and Spain. There has never been a Western comics series that has made any type of significant dent in Japan's manga market. It could be the types of stories or the Western pacing don't appeal to their market. I was in Japan for a manga/comics symposium, and was frankly surprised that people knew my work.

P: Since many comics creators are also fans, is there any kind of artwork or form of pop culture that you personally collect?

Stan: Like many comic book people, I have an eclectic collection of original art, old comics, toys, etc. I do have a nice selection of original drawings of Usagi done by other professionals. These include Sergio Aragones, Frank Miller, Geoff Darrow, Alphonso Azpiri, Guy Davis, and even Stan Lee.

*P: 2014 marks the 30th anniversary of **Usagi Yojimbo**. Do you have any special plans you can discuss for this landmark anniversary?*

Stan: I'm anxious to finish ***47 Ronin*** and get back to ***Usagi***. The plan is to start with a mini-series that is totally out of continuity with the regular books. What if the Martians had sent a scout ship to earth 200 years before H.G. Wells' *War of the Worlds*? This will take place a few years in Usagi's future, and there will be samurai armies attacking the bullet-shaped craft, ninja versus Tripods, and samurai fighting aliens. It won't be historically accurate, but it will be fun! I have wanted to do this story for years, but was always in the middle of one story arc or another. This would be the perfect opportunity.

After the mini-series, I go back to the regular ***Usagi*** comics. I have already done more than 200 issues, and the story will continue where I left off.

*P: Finally, with the popularity and critical success of **Usagi Yojimbo** over the years, where do you see your series' place in the overall history of comics and popular culture?*

Stan: *Usagi* is certainly one of the longest running creator owned/independent comic series. He's broken into popular culture with appearances in the *Teenage Mutant Ninja Turtles*, and I've had major exhibitions in the U.S. and Europe. I will be speaking at the Museum of Fine Art in Boston in May, and at the Japanese-American National Conference in July. All this aside, though, I'm just happy to be doing what I'm doing!

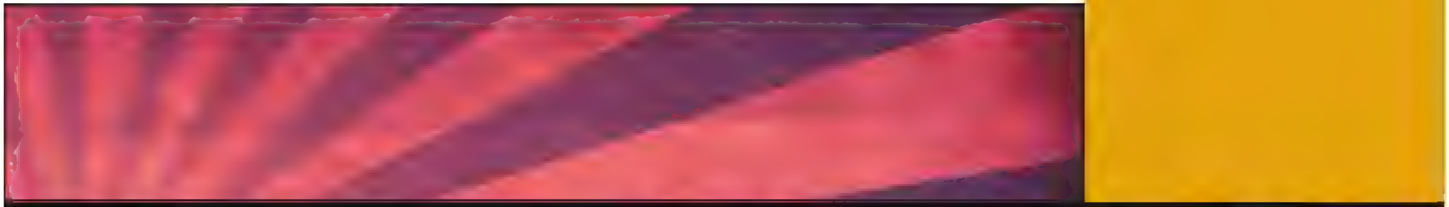
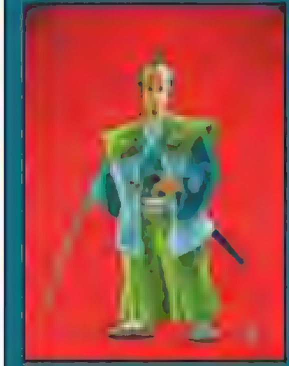
Manga & More Month: Interview with Mike Richardson

DARK HORSE COMICS





PREVIEWS: Dark Horse is currently celebrating its 25th Anniversary for publishing manga. Can you discuss the history — so far — of Dark Horse Manga for those readers who are unfamiliar with the line?

Mike Richardson: I had always had a fascination with Japanese culture; from the animation I watched when I was young to the films of Akira Kurosawa while in college. I collected the Japanese art books I could find while growing up and finally discovered Japanese manga. And, of course, there were the Japanese monster movies. The influence of Kurosawa's samurai films led to my discovery of the "baby cart" films, as they were known then, and that ultimately led to Kazuo Koike and Goseki Kojima's epic manga series. I believe it was John Bruno, director and special effects wizard, who coined the term "Lone Wolf & Cub," as the characters were later known. I was able to come up with copies of the Japanese *Action* comics in which they appeared and ended up chasing those rights for ten years before Dark Horse was finally able to land them.

Almost immediately after launching Dark Horse, Randy Stradley and I began discussing how we'd approach *Godzilla* comics differently than Marvel had. We decided to go after the rights and found they were held by Hank Saperstein and his company, UPA. In 1987, we published our very first manga project, *Godzilla: King of the Monsters*. It was followed quickly by others, including the aforementioned *Lone Wolf & Cub*, Otomo's *Akira*, Shirow's *Ghost in the Shell*, Nightow's *Trigun*, Samura's *Blade of the Immortal*, America's longest-running manga series, *Oh My Goddess!* by Fujishima and, more recently, an overall deal with Japanese superstars CLAMP.

P: What criteria does Dark Horse use in choosing which titles to publish?

Mike: Obviously we have our own favorites here, and our line has featured a very strong *seinen* lineup, with titles such as *Hellsing*, *Gantz*, *Berserk*, *Ghost in the Shell*, etc. Our choices, however, reflect the approach we take with our overall line; that is, we are not looking to focus on a specific type of comic, but a wide variety of the BEST comics. Our manga line also features such hits as *Oh My Goddess!* and the assorted CLAMP titles.

P: What current trends do you see in manga publishing?

Mike: For Dark Horse, it's been business as usual. Obviously, the larger market has seen shrinking sales. The days of experiencing meaningful sales with mediocre work are gone. The key to success as we move forward is to focus on the best series and the most talented creators. A strong digital strategy is also key to bringing in new readers.

P: You're currently working on an adaptation of 47 Ronin with Usagi Yojimbo creator Stan Sakai. How is this collaboration working so far?

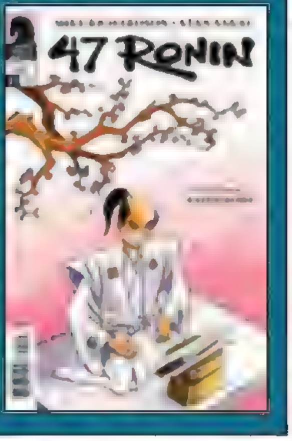
Mike: A beautiful collaboration with a great creator. We've worked very well together and I'm really proud of the book. Stan is a dream to work with. Judging from 95 percent of the reviews and 100 percent of the mail, the readers love the series.

P: While adapting 47 Ronin, you've been working closely with manga giant Kazuo Koike of Lone Wolf and Cub fame. What does he bring to the project?

Mike: Koike urged me to go forward with the project. He's discussed my outlines and scripts and kept me in the right direction. As a historian, his viewpoint is invaluable. Just as important, his eye on the work makes sure that I understand the nuances of the legend and its historical importance. He also understands the difficulty in bringing this story to an American audience in a manner that is interesting and entertaining. His hope, and mine, is that the series will inspire people to research the historical event itself. It is very complex and as many have said, has much to say about Japan's cultural heritage. One saying I've picked up and used is, "To know the *47 Ronin* is to know Japan."

P: Can you tell us about any upcoming manga projects or series?

Mike: Well, in addition to Hiroaki Samura's *Emerald*, which will be released in February, there are a number of new titles coming from Dark Horse in 2013, including omnibus editions of classic series, like *Lone Wolf & Cub*, as well as new collections from our fruitful partnership with CLAMP. In addition to continuing our omnibus program with this Japanese creative powerhouse, we will also be releasing the first volume of *Blood-C*, their creative partnership with the creators of the hit *Blood+* anime. We are also releasing the omnibus collection of *Tokyo Babylon*, one of CLAMP's earlier works. We are acquiring new titles all the time. Other companies may be slowing down, but Dark Horse is still as committed to manga as we've ever been.



P: What series would you recommend to someone who is new to manga?

Mike: I think two series that are tailor made for readers looking to check out Japanese comics for the first time are Kazuo Koike's masterwork, *Lone Wolf & Cub*, and Hiroaki Samura's *Blade of the Immortal*. Both of these series have a feel that could grab fans of American comics, as well as movie buffs who have enjoyed films by the likes of Quentin Tarantino and Robert Rodriguez. However, it's important to remember that, much like what we think of as "traditional comics," manga has something for everyone.

BENNY BREAKIRON HC RED TAXIS

NBM/Papercutz

Peyo brought us Smurfs. [illegible] lost him on *Benny Breakiron*. An incredibly talented creator from Belgium, Peyo wrote and drew comics of all sorts for over a decade before exploring other storytelling media avenues with his beloved *Smurfs*. Benny Breakiron (originally *Benoît Brisefer*) came from the period before Peyo launched his larger career, and it has all the charm and sparkle of his blue la-la-lala-la-legacy.

Benny is sincere, genuine, and not about to let bad guys get away with their shenanigans. Thanks to his super-strength (which he keeps secret from adults—good move, Benny!), he's always able to keep one step ahead of folks who underestimate him. In this first volume, he tosses taxis, foils felons, and rescues himself from a deserted island in time to save the life-savings of his entire home town.

A must-read for the young-and-the-young-at-heart!

"Some very fine writing is buried in these scripts, and nobody has ever read it but me."

For the ten years between 1988 and 1998, artist Eddie Campbell lived with Alan Moore's scripts for the masterpiece *From Hell*. Now those scripts are available to readers for the first time, as Top Shelf collects the materials behind this masterful work in a hefty, 288-page softcover.

Filled with Campbell's detailed reminisces and notations, *The From Hell Companion* offers a window onto the fascinating collaborative process by which prose script becomes graphic storytelling. Campbell explores Moore's rich imagery as it was adapted to the black and white page. He also provides a wealth of history with reference photos, variant interior sketches, after-the-fact redraws, and more than a few interesting anecdotes and snapshots from years of work on the book. *The From Hell Companion* takes reader behind the scenes of one of the most-read graphic novels of all time.

DAN SPIEGLE
A Life in Comic Art

DAN SPIEGLE: LIFE IN COMIC ART SC

TwoMorrows Publishing

I can't remember what the first Dan Spiegle book that I bought. If I liked a movie or TV show then I had to have the comic, and if it wasn't drawn by Alex Toth it was probably drawn by Dan Spiegle. His storytelling was clean, neat and concise.

Years later I became much more interested in who was behind the books I bought. TwoMorrows Publishing's *Dan Spiegle: Life in Comic Art* lets us read about Dan's work from the days of the *Hopalong Cassidy* newspaper strip as well as his decade long run at Dell and Gold Key. The book also covers some of my favorite work of Dan's -- *Blackhawks*, *Nemesis*, and *The Unknown Soldier*. Then in the eighties there was *Crossfire* from Eclipse, one of the best crime mystery series ever created.

If you enjoy comics that go beyond capes and spandex then this book will help you find treasures awaiting discovery in long boxes. Dan Spiegle deserves to be discovered by new readers just as much as the books he illustrated.

TARZAN, THE COMPLETE RUSS MANNING NEWSPAPER STRIPS VOLUME ONE: 1967-1969

IDW Publishing

Some creators are lucky enough to be associated with one character for their careers such as Arthur Conan Doyle and Sherlock Holmes and Siegel & Schuster for Superman. We can add Edgar Rice Burroughs to the list with this being the centennial anniversary of Tarzan. If thinking of Tarzan you might think of the artists associated with him, like J. Allen St. John, Frank Frazetta, Hal Foster, Burne Hogarth, and Joe Kubert but for me it's Russ Manning on the newspaper strip and the Gold Key comic series. Each of these artists brought their own unique interpretation of the character but it was Russ Manning's I remember.

In the pre-Direct Market days buying comics was like going on a scavenger hunt so you took what you could get. Growing up watching Tarzan movies on television, getting the comics helped with my comic fix between issues of *Adventure Comics* with the Legion and *Amazing Spider-Man*.

While waiting for more Tarzan I found the newspaper strip Russ Manning did but because it wasn't in the local paper it took some doing to get family in other states to collect and send them to me. Now thanks to IDW I can read these stories again for the first time in almost 45 years.

The *Tarzan: The Complete Russ Manning Newspaper Strips Volume One: 1967-1969* collects the Russ Manning *Tarzan* in a format that does the daily and Sunday strips right. It's great to see Tarzan, Jane, La of Opar, and Pellucidar again. Russ didn't do this alone and you get to see how well his assistants Bill Stout, Mike Royer (who did a good job in following Manning on the comic book) and a pre-*Rocketeer* Dave Stevens helped in bringing this icon to life.

This is a great companion to Dark Horse's *Tarzan: The Russ Manning Years* and belongs on your shelf right next to the Goodwin & Williamson *X-9: Secret Agent Corrigan*, Alex Raymond's *Rip Kirby* and Caniff's *Terry and the Pirates*. This is so much easier than hunting down old issues of the Menomonee Falls Gazette and a heck of a lot easier to shelve.

SUICIDE RISK #1

BOOM! Studios

It is no secret that the boys in blue face some pretty harrowing situations in their line of work. Just turn on the news and you'll inevitably be bombarded with news of violent crimes in the form of muggings, domestic assaults, murders, and more that the police have to meet face to face every day. What would happen if the criminals they faced had super powers too?

I never really considered the impact of throwing supervillians into the mix but then I never had to. There was always someone there to save the day. In *Suicide Risk* #1, by Mike Carey (*Unwritten*, *Lucifer*) we are asked what would happen if there wasn't a hero? Just the thought of some petty burglar with the ability to melt my face with his laser eyes would make me reconsider my career path. How would the police cope?

Pick up *Suicide Risk* #1 and delve into the melee pitting the police against an army of drug fueled supervillians. Can the police hold the line or will this new super powered crime wave send civilization hurtling toward anarchy?

TRUE BLOOD HC VOL 04: SHAKE FOR ME

IDW Publishing

More about *True Blood*… By the time you're reading this it's springtime, which means *Game of Thrones* is about to be in full-swing on HBO and while I do adore that show, I enjoy it more knowing as each episode ends that we're one week closer to another season of *True Blood!*

This hardcover volume brings forth one of my favorite characters, and one I feel doesn't get the level of attention he should; Alcide. I'm Team Eric one hundred and ten percent, but I'm going to enjoy reading this volume of the series because of the key role my favorite nocturnal creature plays to the plot line. Bon Temps is in trouble again…this time it's an ancient wolf pack is conducting a mass slaughtering of the town's residents, and Alcide has to join forces with everyone's favorite Viking, Eric Northman, to save the town.

Can they do it? Can they save the town of Bon Temps?
